

Accelerating Discovery in Particle Physics with Model-Agnostic Likelihoods

Lorenz Gärtner, Nikolai Krug, Lukas Heinrich, Malin Horstmann, Thomas Kuhr, M  ril Reboud, Slavomira Stefkova, Danny van Dyk

10⁻³² seconds 1 second 100 seconds 380 000 years 300-500 million years Billions of years 13.8 billion years

Standard Model

Collide Particles

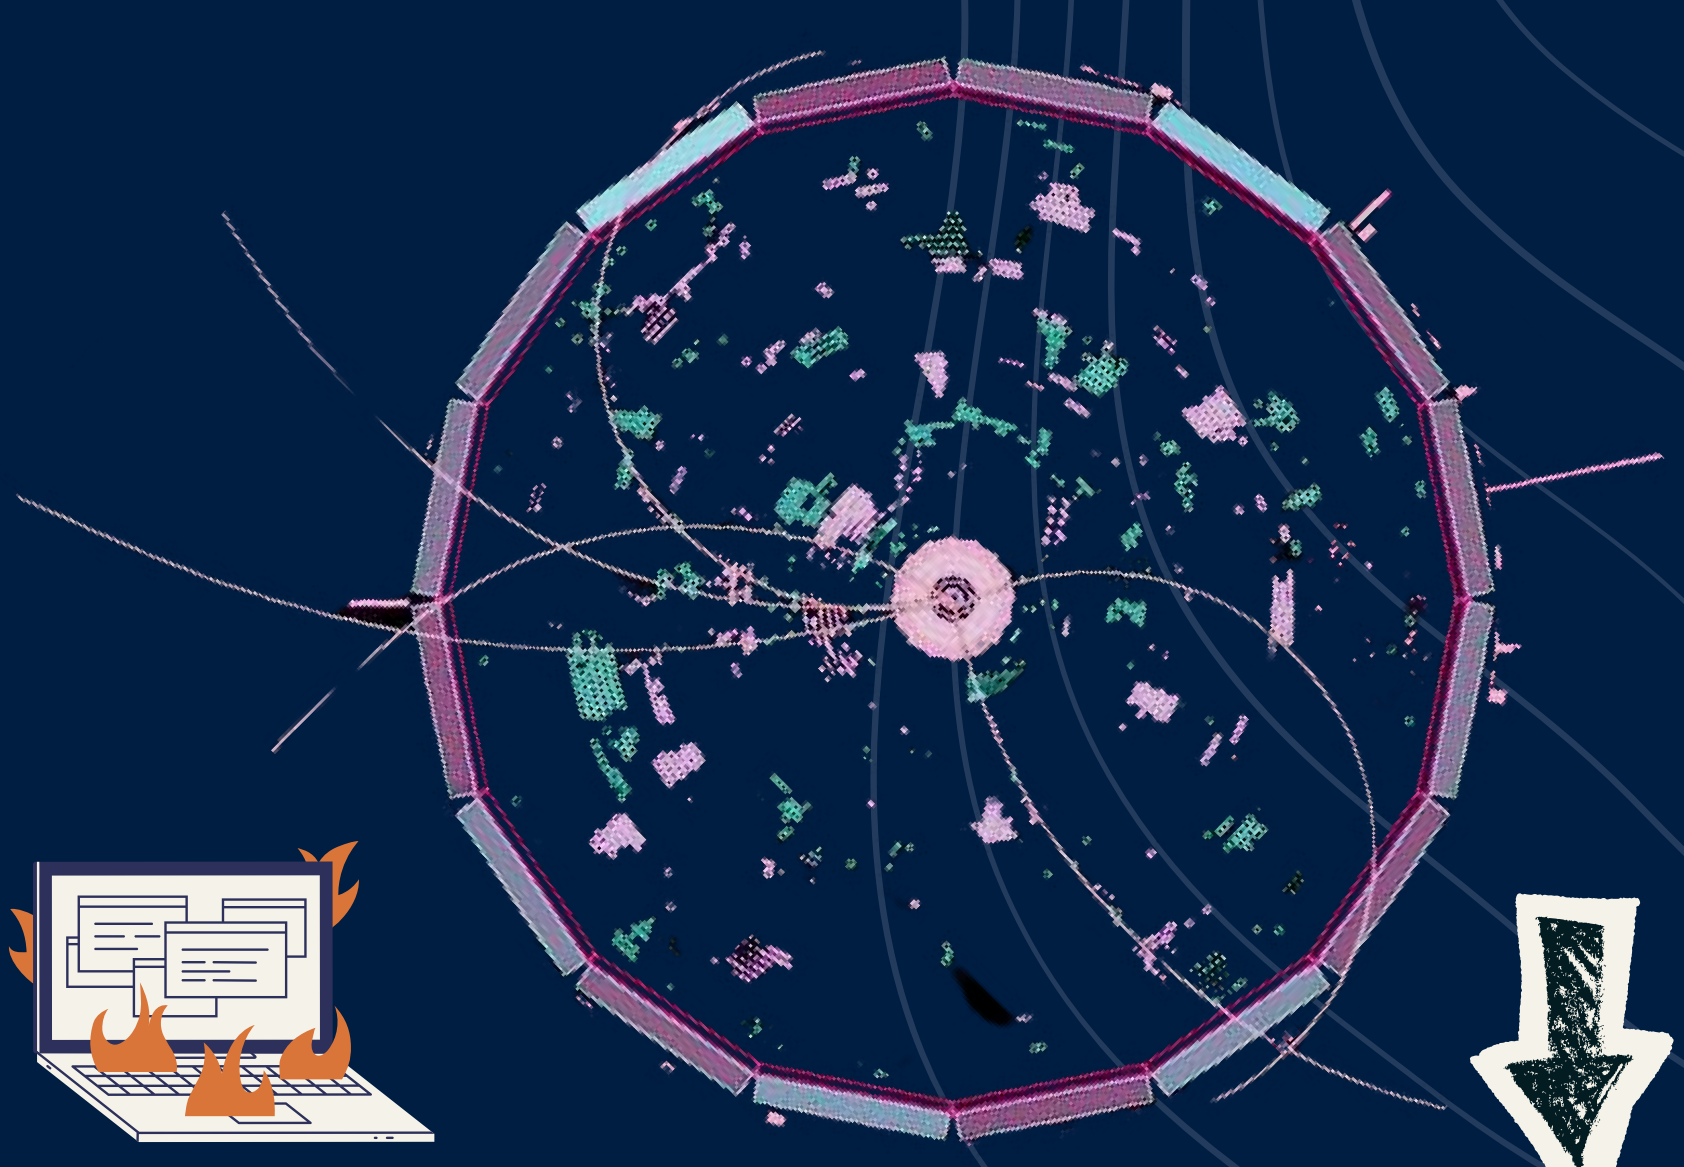

Make Theory Predictions

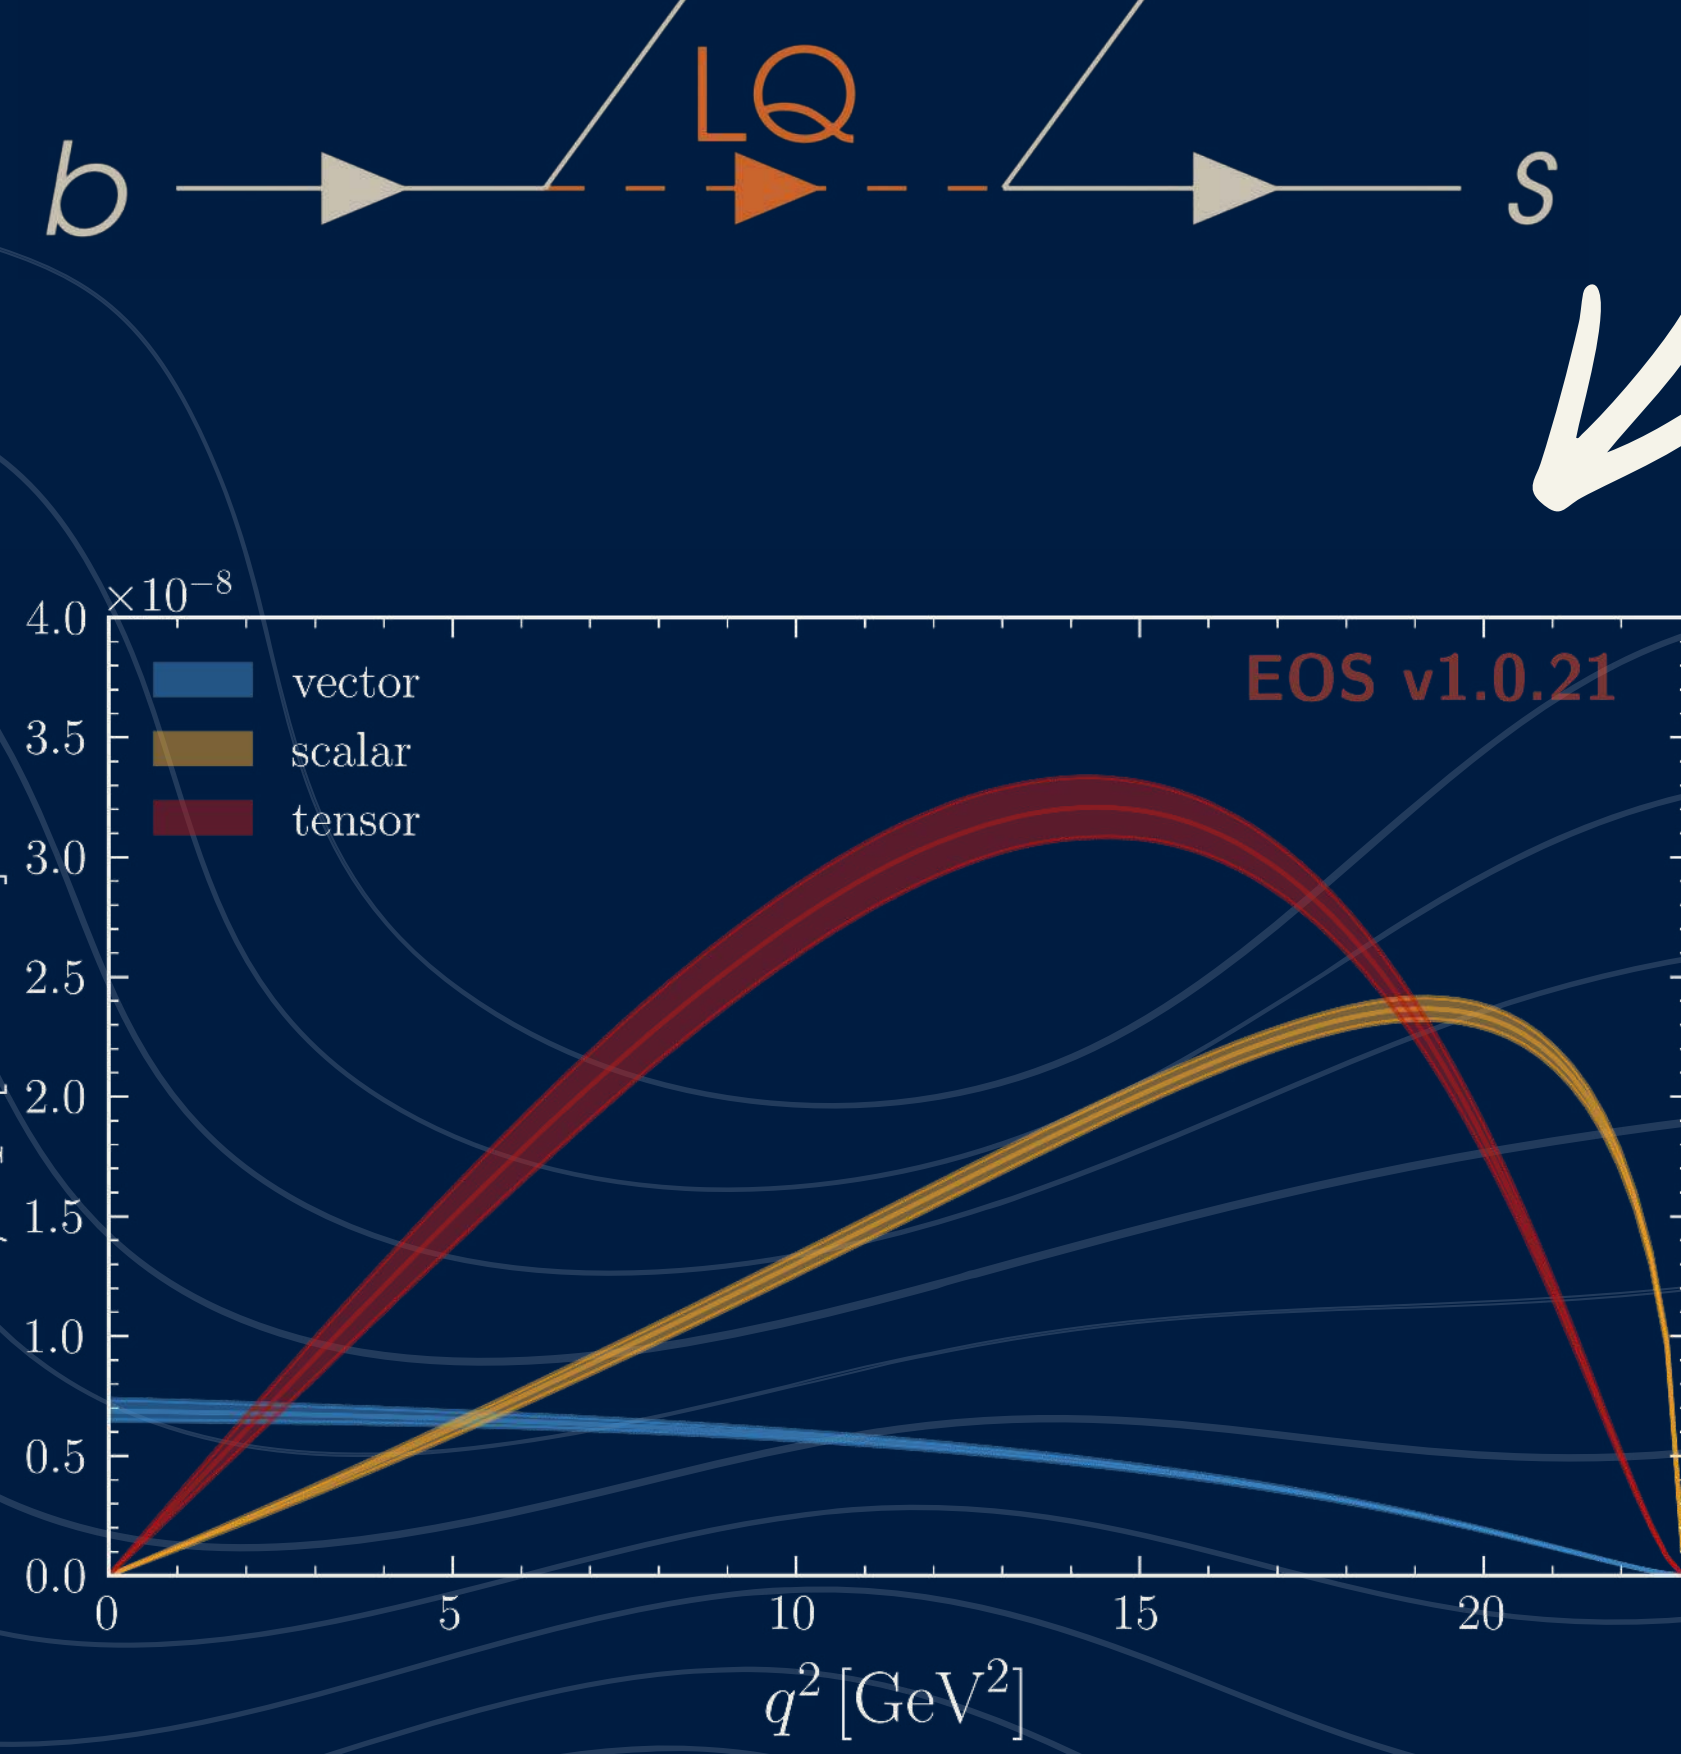

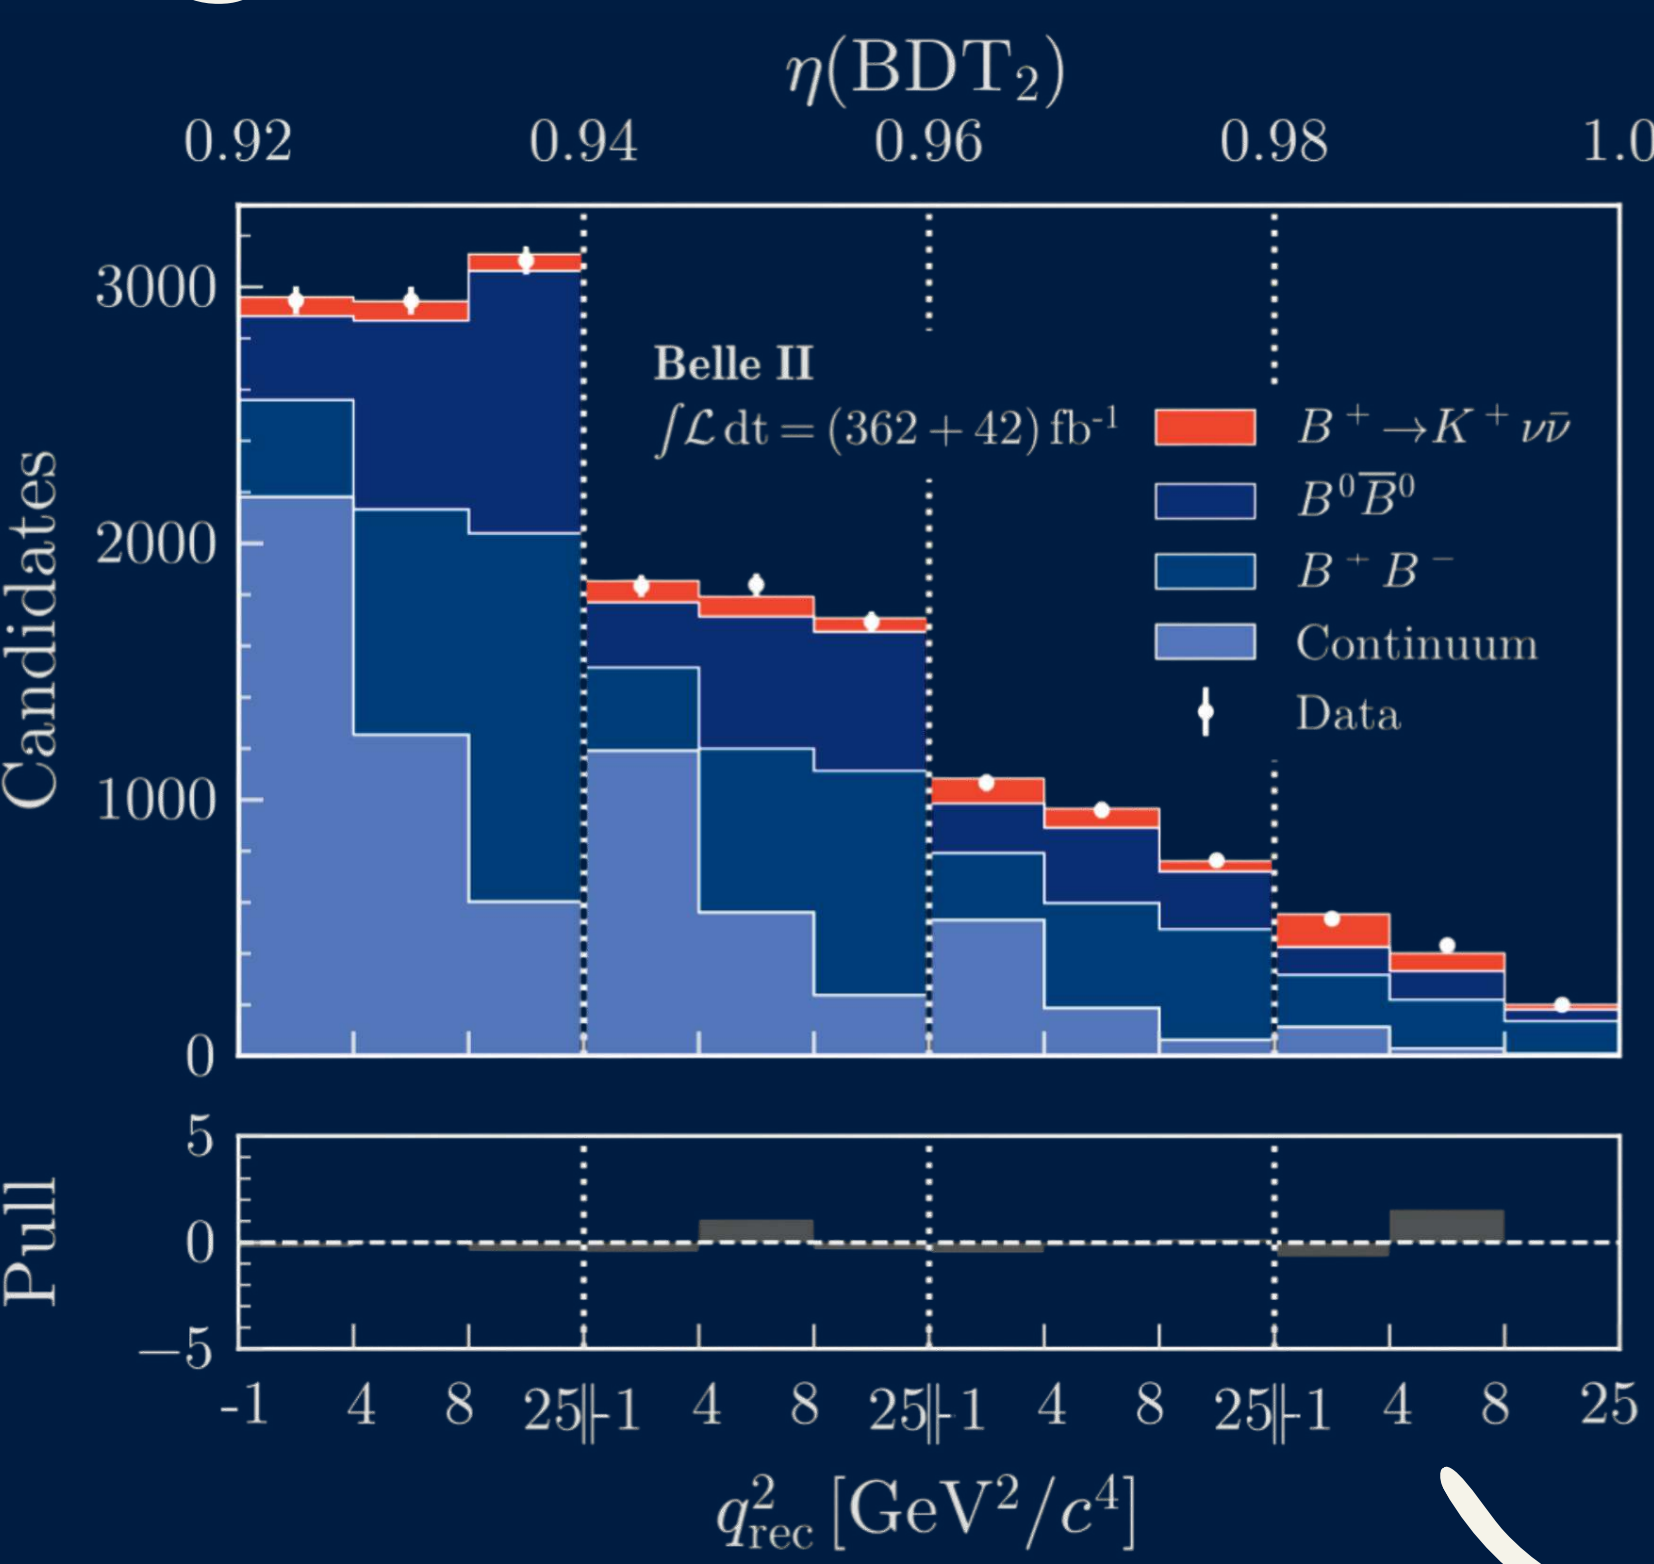

What about New Physics ?

Reinterpretation

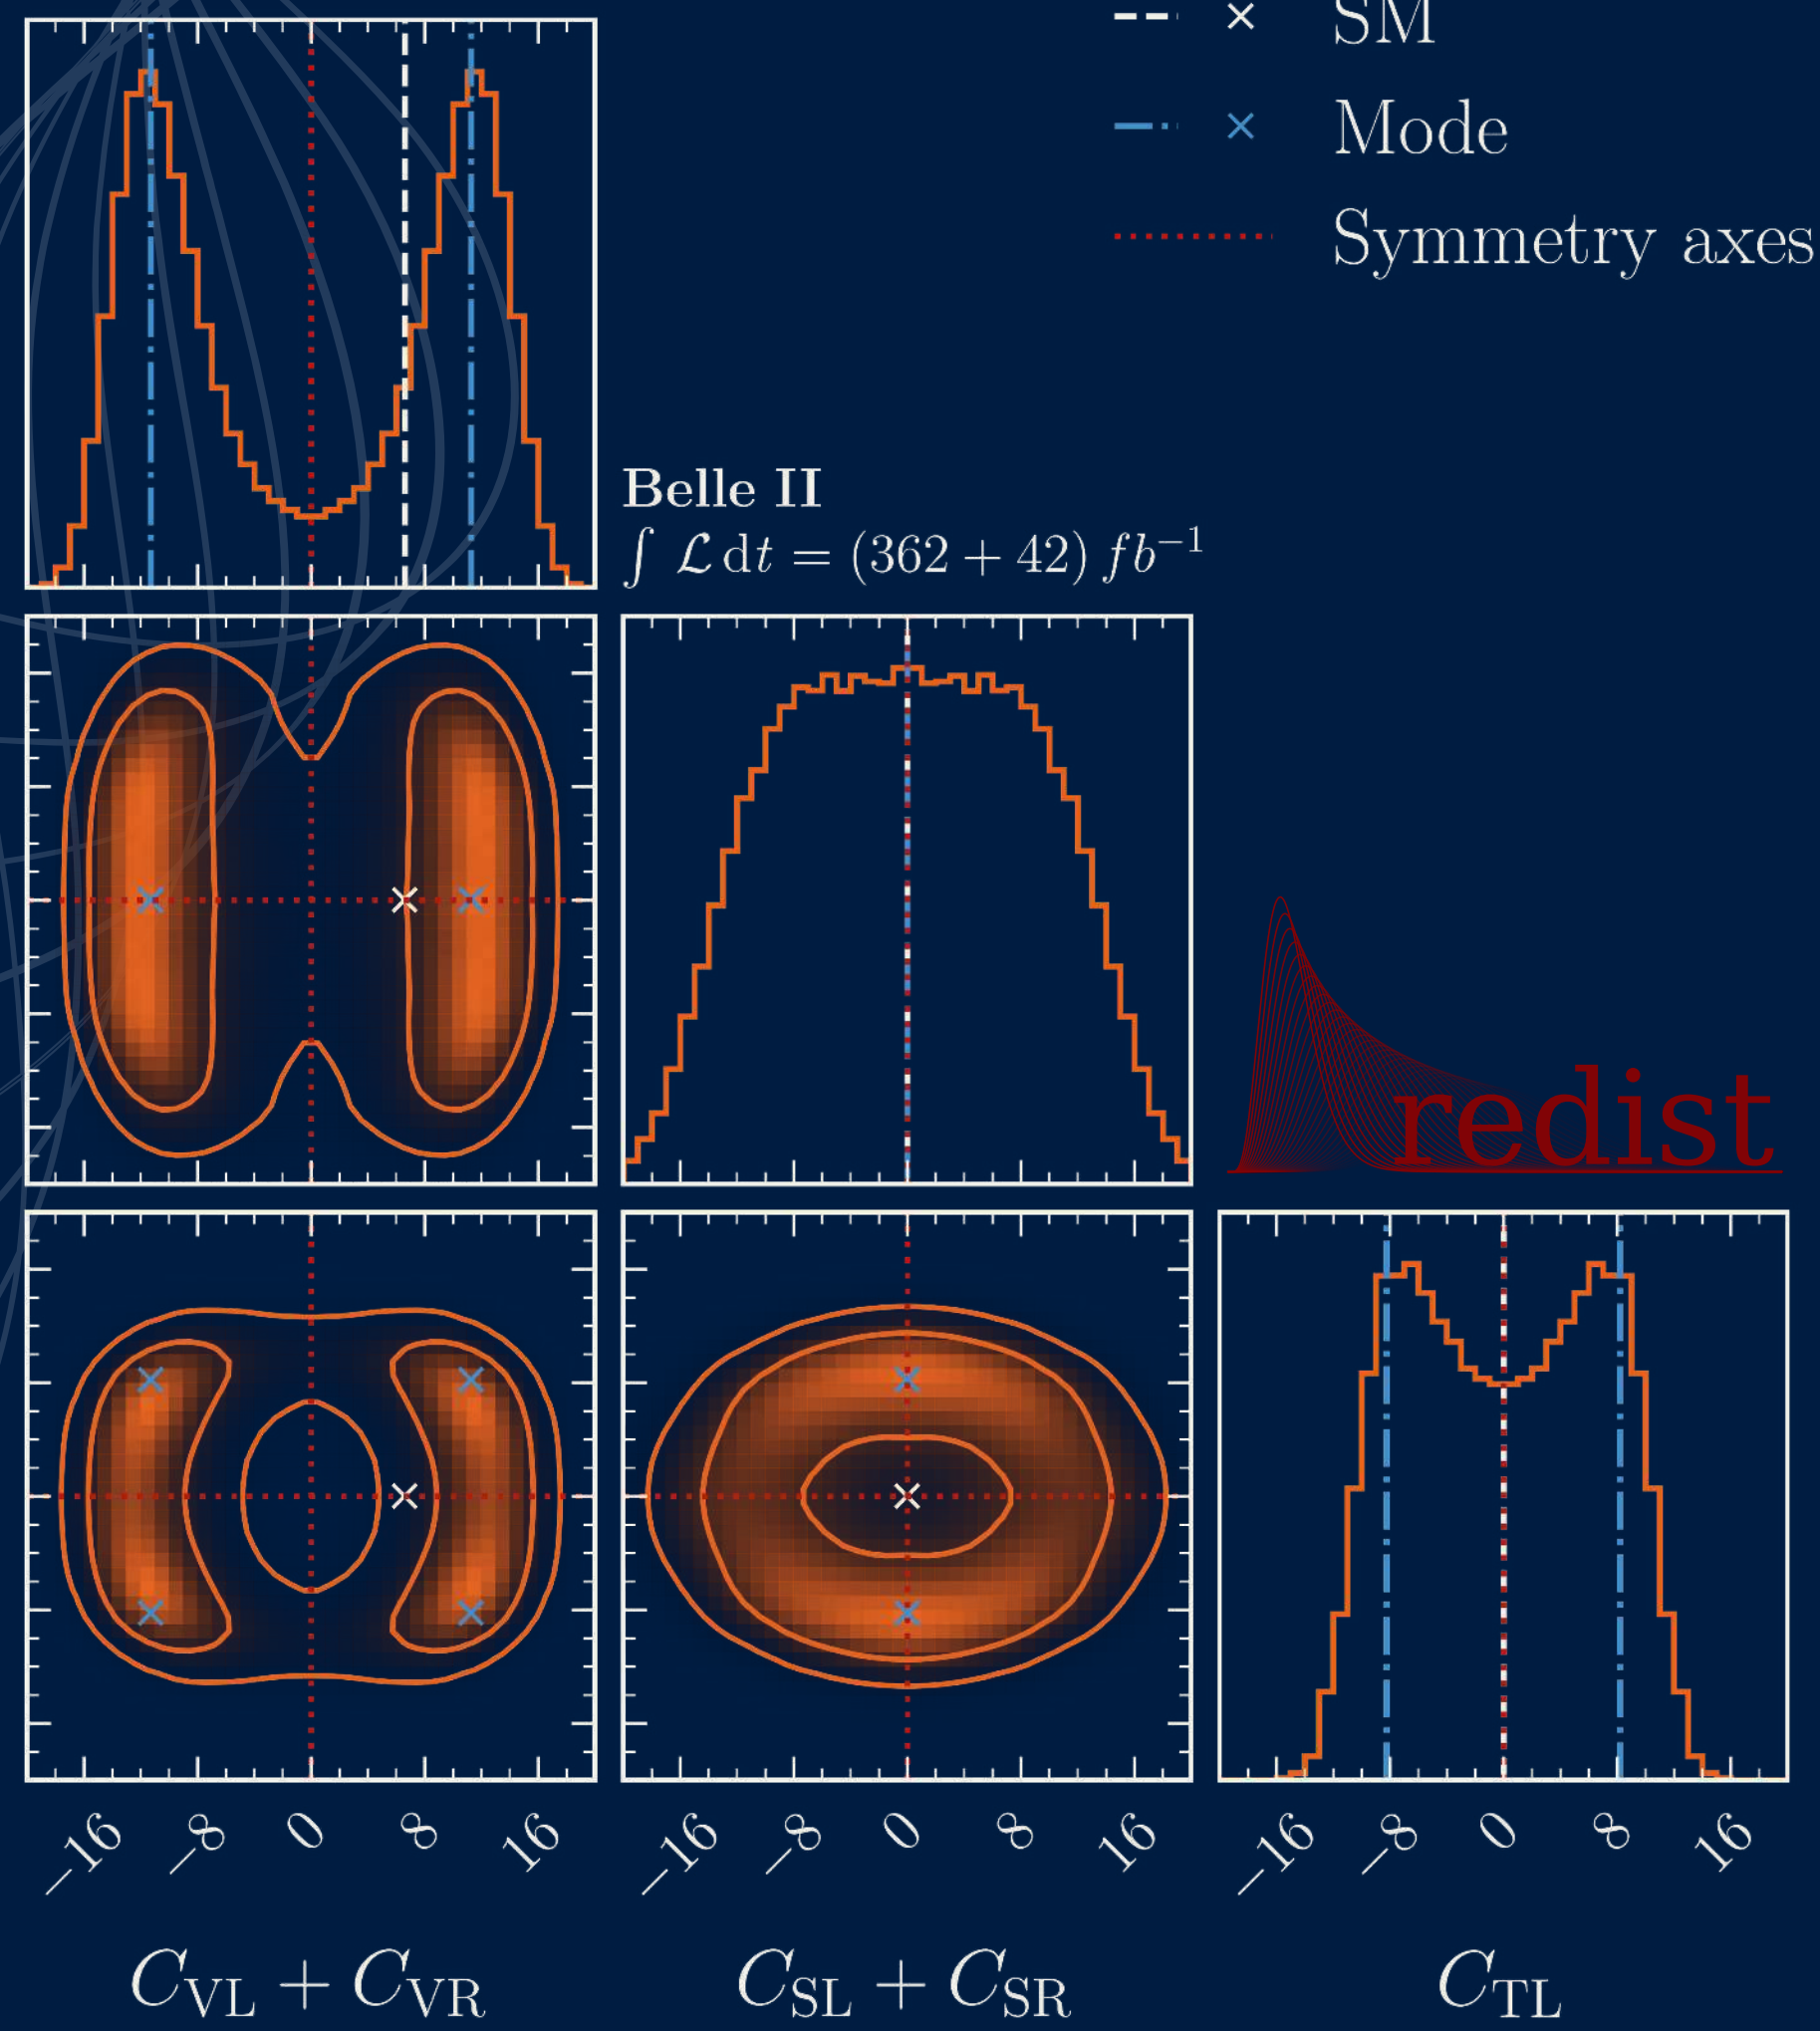

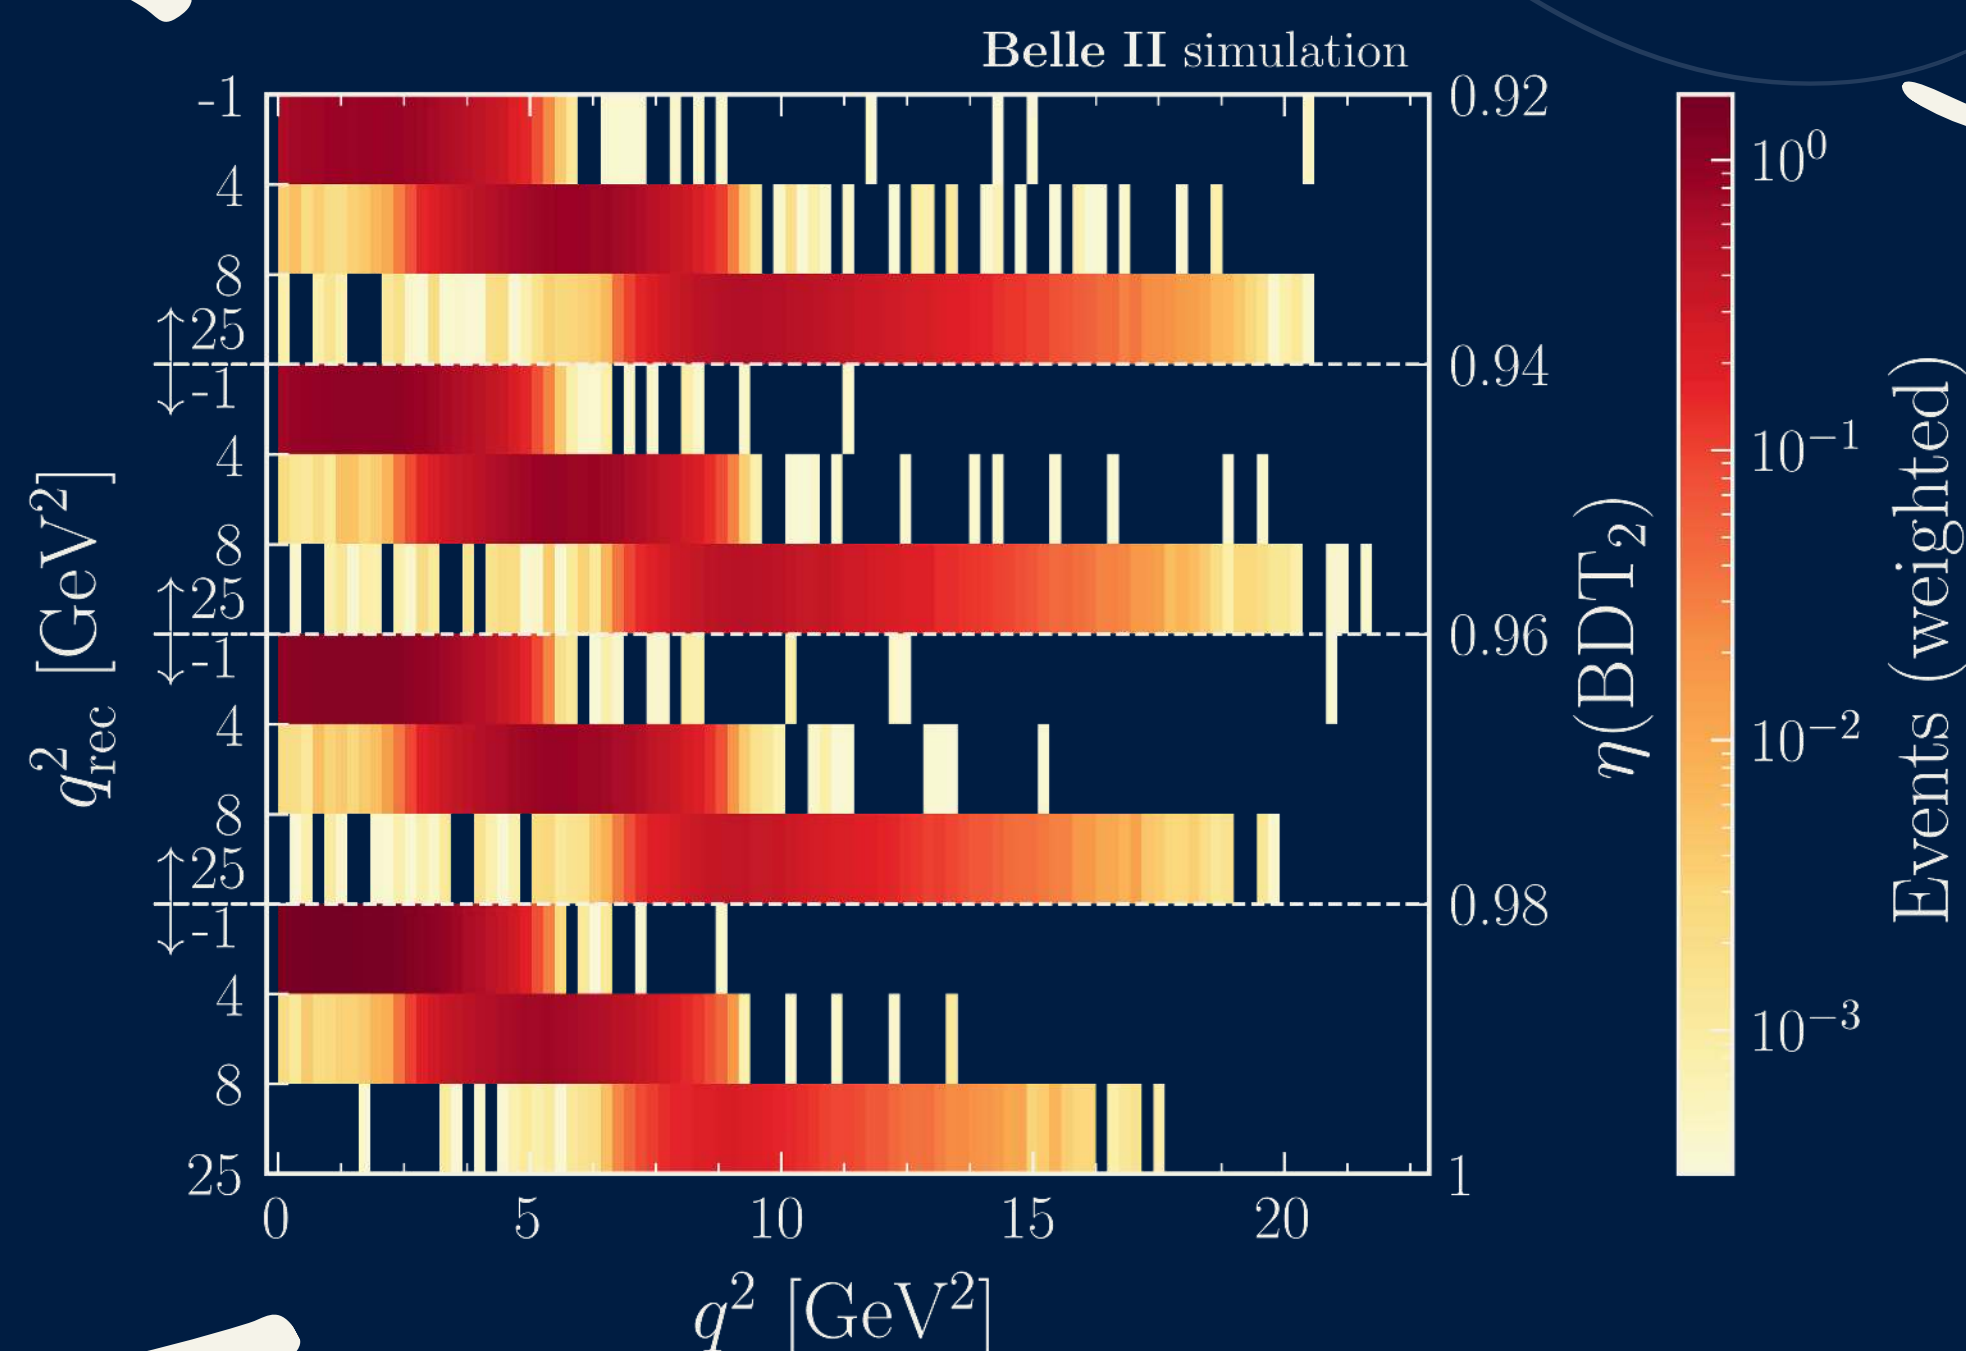

Simulate the Experiment

Data & Simulation Agree ?

Map Theory to Measurement space

Method Paper

Application Paper
